Statement of intent

Bright Futures School believes that a strong PSHE education is important to help our students develop into well-rounded members of society, who can make a positive contribution to their community.

The vision for students, staff and other members of the school community is to always look to achieve our personal best in every aspect of school life.

1. Legal framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- Education Act 1996
- Education Act 2002
- Children and Social Work Act 2017
- DfE (2019) 'Relationships Education, Relationships and Sex Education (RSE) and Health Education'
- DfE (2023) 'Keeping children safe in education 2023' (KCSIE)

This policy operates in conjunction with the following school policies:

- RSHE Policy
- Child Protection and Safeguarding Policy
- Complaints Procedures Policy

2. Roles and responsibilities

The governance team is responsible for:

- Ensuring the school's PSHE Policy is implemented effectively.
- Ensuring that the PSHE Policy, as written, does not discriminate on any grounds or protected characteristics.

The headteacher is responsible for:

- Reviewing the PSHE Policy annually.
- Handling complaints regarding this policy, as outlined in the school's Complaints Procedures Policy.
- Facilitating the day-to-day implementation and management of the PSHE Policy.

The PSHE lead is responsible for:

- Liaising with other staff and professional agencies to devise a suitable scheme of work ensuring comprehensive PSHE education.

3. Aims and structure of the PSHE curriculum

Students will learn to do the following:

The school will use direct teaching via timetabled lessons to teach PSHE. Students will be taught PSHE through a range of teaching and learning styles, including active techniques such as discussion and group work. Students' opinions and questions, unless inappropriate, will be responded to respectfully by teachers.

PSHE lessons will be tailored to the students being taught, with consideration of:

- Students' ability.
- Students' age.
- Students' current knowledge on and readiness to learn about the topic being covered.
- Students' cultural backgrounds.
- Students with EAL.
- Students with SEND or other needs.

To aid PSHE tailoring, the PSHE teacher will use discussions and other activities to ascertain students' current knowledge and understanding of the subject being covered. The teaching programme will then be adjusted to reflect the composition of the class.

The school will deliver relationships and health education as part of its timetabled PSHE programme, with due regard to the school's Primary Relationships and Health Education Policy.

The school will deliver RSHE as part of its timetabled PSHE programme, with due regard to the school's Secondary Relationships, Sex and Health Education (RSHE) Policy.

4. Safeguarding

Due to the nature of the matters discussed in PSHE, there may be a higher likelihood for safeguarding concerns to arise or be disclosed by students. In line with the school's Child Protection and Safeguarding Policy, all staff will be aware of the indicators and risks of a range of safeguarding issues, including child-on-child abuse, and will follow the appropriate procedures should a safeguarding concern be disclosed.

There is an element of PSHE in pastoral care, so the school will ensure that PSHE and pastoral care teams work together to help students feel comfortable indicating that they may be vulnerable and at risk.

PSHE lessons will encourage students to discuss the issues raised in the lesson with a member of staff if they wish to do so. Students will also be made aware of how to raise concerns or make reports about potential safeguarding issues, and how reports will be handled. This also includes concerns and reports about a friend or peer.

Where beneficial, the DSL or deputy DSL will be involved in the development of safeguarding-related elements of the PSHE curriculum

6. Assessment

The school will set the same high expectations of the quality of students' work in PSHE as for other areas of the curriculum. A strong PSHE curriculum will be developed to build on knowledge students have previously acquired, including from other subjects, with regular feedback on their progress.

Lessons will be planned to ensure students of differing abilities are suitably challenged. Teaching will be assessed to identify where students need extra support or intervention.

Students' knowledge and understanding will be assessed through formative assessment methods such as tests, written assignments, discussion groups and quizzes in order to monitor progress.

7. Monitoring and review

This policy will be reviewed by the headteacher, Education Quality Lead and PSHE coordinator on a three-yearly basis, unless updated guidance or changes to procedure occur before that date. Any changes to this policy will be communicated to all staff and other relevant parties.

The next scheduled review date for this policy is September 2026.
