- Encourage pupils to take responsibility for their own actions and behaviour.
- Be consistent in their expectations of pupils.
- Praise good behaviour both privately and publicly.
- Setting good habits early in order to help pupils establish regular punctual attendance and good behaviour from the start, involving parents and carers in the process.
- Early intervention is needed where there is poor behaviour or unexplained absence, so it is clear that this will not be tolerated.
- Rewarding achievements through positive recognition of individual pupils, classes or year groups achievements in good attendance and behaviour, and through mentions in group discussions, certificates or prizes;

- Supporting behaviour management with techniques such as assertive discipline to help improve and maintain high standards of behaviour and discipline.

- Study support, including activities from after school clubs, to thinking skills workshops which can help to reinforce school work.

Social, emotional and mental health (SEMH) needs

To help reduce the likelihood of behavioural issues related to SEMH needs, the school will create a safe and calm environment in which positive mental health and wellbeing are promoted and pupils are taught to be resilient. Ash Meadow will promote resilience as part of a whole-school approach using the following methods:

- **Culture, ethos and environment** – the health and wellbeing of pupils and staff is promoted through the informal curriculum, including leadership practice, policies, values and attitudes, alongside the social and physical environment
- **Teaching** – the curriculum is used to develop pupil's knowledge about health and wellbeing
- **Community engagement** – the school proactively engages with parents, outside agencies and the wider community to promote consistent support for pupil's health and wellbeing

All staff will be made aware of how potentially traumatic adverse childhood experiences, including abuse and neglect, can impact on a pupil's mental health, behaviour, and education. Where vulnerable pupils or groups are identified, provision will be made to support and promote their positive mental health. The school's SEMH Policy outlines the specific procedures that will be used to assess these pupils for any SEMH-related difficulties that could affect their behaviour.

- Finish their work in their own time.

Bullying

It is essential that pupils can learn in a supportive, caring and safe environment without fear of being bullied. Bullying is anti-social behaviour and affects everyone; it is unacceptable and will not be tolerated. Only when all issues of bullying are

addressed will pupils be able to fully benefit from the opportunities available at the school.

School teaching and support staff must be alert at all times to signs of bullying and act promptly and firmly against it in accordance with school policy.

Smoking and Controlled substances

In accordance with part 1 of the Health Act 2006, this school is a smoke-free environment. This includes all buildings, out-buildings, playgrounds, playing fields and sheltered areas.

Parents, visitors and staff are instructed not to smoke on school grounds and should avoid smoking in front of pupils and/or encouraging pupils to smoke.

Pupils are not permitted to bring smoking materials or nicotine products to school. This includes, but is not limited to, cigarettes, e-cigarettes, lighters, matches or pipes.

In the interest of health and hygiene, the school requests that people refrain from smoking outside the school gates.

The school has a zero-tolerance policy on illegal drugs and legal highs. Pupils and staff are required to follow the school's Drug and Alcohol Policy.

Prohibited sexual harassment

The school prohibits all forms of sexual discrimination including sexual harassment, gender-based bullying and sexual violence.

Parents will be informed of any confiscated item and may be required to collect the item (unless the item relates to alcohol, illegal drugs or tobacco), from the school office.

The Head Teacher will always be notified when any item is confiscated.

Effective classroom management

The school understands that with well-managed classrooms and with reasonable adjustments, pupils will be expected to follow the guidelines of the class. The school recognises the importance to:

- Start the year with clear sets of rules and routines that are understood by all pupils.
- Establish agreed rewards and positive reinforcements
- Establish positive outcomes for misbehaviour
- Establish clear responses for handling behavioural problems
- Encourage respect and development of positive relationships
- Make effective use of the physical space available.
- Have well-planned lessons with a range of activities to keep pupils stimulated.

Well managed classrooms are paramount to preventing disruptive and challenging behaviour – the school establishes four core areas to effective classroom management which each contribute to preventing behaviour problems, these are as follows:

- Classroom rules
- Routines
- Praise

- Rewards

Classroom rules

Teachers ensure that classroom rules are always clear and comprehensive.

Attention is given to how rules are worded – teachers ensure they use positive language rather than negative, e.g. “I will act respectfully towards my peers and teachers”, rather than “do not act disrespectfully towards your peers and teachers”.

Before committing to the classroom rules, teachers try to ensure that all pupils have an understanding of what they involve.

Routines

The school understands that pupils work best when there is an established routine, and that most behavioural problems arise as a result of a lack of a consistent routine.

Teachers establish classroom routines at the beginning of the academic year in conjunction with pupils and revisit these daily.

Routines may include activities such as the following:

- Basic skills
- Circle time
- Snack

Visual timetables are displayed for pupils who require visible support that show ‘now’ and ‘next’ routines.

Once a routine has been established, the teacher models this for pupils to ensure they understand it.

Teachers ensure that the routine remains consistent and is practised throughout the year to create a more productive and enjoyable environment.

Praise

The school recognises that praise is key to making pupils feel valued and ensuring that their work and efforts are celebrated. Whilst it is important to receive praise from teachers, the school also understands that peer praise is effective for creating a positive and fun environment, and value amongst pupils.

When giving praise, teachers ensure:

- They define the behaviour that is being rewarded.

- The praise is given immediately following the desired behaviour.
- The way in which the praise is given is varied.
- Praise is related to effort, rather than only work produced.
- Perseverance and independence are encouraged.
- Teachers ensure that praise is not given continuously without reason and only when a pupil's efforts, work or behaviour needs to be recognised.
- Praise that is given is always sincere and is never followed with immediate criticism.
- Teachers encourage pupils to praise one another, and praise another pupil to the teacher, if they see them modelling good behaviour.

Rewards

The school understands that when rewards are used following certain behaviour, pupils are more likely to model the same behaviour again. For rewards to be effective, the school recognises that they need to be:

- **Immediate** – immediately rewarded following good behaviour.
- **Consistent** – consistently rewarded to maintain the behaviour.
- **Achievable** – keeping rewards achievable to maintain attention and motivation.
- **Fair** – making sure all pupils are fairly rewarded

The school uses three different categories of rewards – these are:

- **Social** – praise and recognition, eg. a positive phone call or email home.
- **Physical** – material rewards, eg. stickers, certificates.
- **Activity** – activity based rewards, eg. reward time, golden time, drive

Teachers may implement different types of rewards as they see fit with approval from the Head Teacher; however, as a general rule, the following rewards are used:

- Stickers
- Head teacher awards
- Certificates

- Free time
- Positions of responsibility, eg. school council
- Class celebrations
- Phone calls and emails home
- Choice time

Positive relationships and approach

Positive teacher-pupil relationships are key to combatting challenging behaviour. The school focusses heavily on forming these relationships to allow teachers to understand their pupils and create a strong foundation from which behavioural change can take place.

Teachers will enforce a number of strategies to establish positive relationships with their pupils – these include:

- Welcoming pupils as they enter the classroom.
- Ensuring pupils understand what is expected of them.
- Creating a positive environment where every pupil feels comfortable and respected.
- Showing an interest in each pupil's interests, talents, goals, likes and dislikes, and their family.
- Engaging with pupils during lunchtime and breaktime.
- Focussing on using positive language when interacting with pupils to guide them towards positive outcomes rather than highlighting their mistakes.

Within the classroom, teachers establish clear expectations for manners and respect for pupils – this includes:

- Acknowledging and giving praise when a pupil demonstrates good manners.
- Encouraging pupils to treat others with respect by modelling the desired behaviour.
- Informing pupils of the importance of treating others the same way they like to be treated,

- Role-playing various situations to demonstrate appropriate responses, so they learn to understand how to act in a given context.
- Establishing a politeness ethos to help pupils understand basic manners and respect.
- Teaching pupils the importance of showing respect to each other – eg, writing thank you letters or letters of apology

The school aims to create a safe and calm environment in which positive mental health and wellbeing is promoted and pupils are taught to be resilient, reducing the likelihood of SEMH-related behavioural issues.

The school aims to promote resilience as part of a whole-school approach, using the following methods:

- **Culture, ethos and environment** – the health and wellbeing of pupils and staff is promoted through the informal curriculum, including leadership practice, policies, values and attitudes, alongside the social and physical environment.
- Teaching – the curriculum is used to develop pupils’ knowledge about health and wellbeing
- Community engagement – the school proactively engages with parents, outside agencies and the wider community to promote consistent support for pupils’ health and wellbeing.

Positive mental wellbeing will be promoted through:

- Teaching in health education and PSHE
- Counselling when appropriate
- Positive classroom management
- Developing social skills
- Working with parents
- Peer support

The school ensures all provision is made to support and promote all pupils’ positive mental health. The school’s SEMH Policy outlines the specific procedures that will be used to assess those pupils for any SEMH difficulties that could affect their behaviour.

Understanding behaviour

Where pupils frequently display challenging behaviour, the school uses the antecedent-behaviour consequence (ABC) analysis to determine appropriate support – this involves:

- Antecedent (**A**): what happens before the behaviour occurs/what has led up to the behaviour
- Behaviour (**B**): the behaviour that occurs
- Consequence (**C**): the positive or negative results of the behaviour. Using the ABC analysis, staff are able to identify when the behaviour is likely to occur, and the support that needs to be put in place to minimise consequences and disruption.
 - When conducting the ABC analysis, staff will ask themselves the following questions to ensure the analysis is effective:
 - What appears to be the underlying cause of the pupil's behaviour?
 - Where and when does the pupil display this behaviour?
 - What are the triggers of the behaviour?
 - What acceptable behaviour can the pupil use to ensure their needs are met?
 - What strategies can be implemented for behaviour change?
 - How can the pupil's progress be monitored?
 - A Behaviour Support Plan is developed for each pupil displaying challenging behaviour alongside an individual risk assessment once the ABC analysis is complete – this outlines the expectations of the pupil and the support required.
 - Necessary staff members will be familiar with the pupil's behaviour support plan to ensure staff are equipped to deal with instances of negative behaviour.
 - Pupils, their parents, the Behaviour Support lead (and carers, where relevant) are involved in the development of the Behaviour Support plan, and this is reviewed on a timely basis by the Behaviour Support Lead and their teacher – the support plan will be reviewed sooner if it is not effective.

De-escalation strategies

Where challenging behaviour is present, staff members will implement taught de-escalation strategies to diffuse the situation – this includes the following:

- Appearing calm and using a modulated, low tone of voice
- Using simple, direct language
- Avoiding being defensive, eg. if comments or insults are directed at the staff member
- Providing adequate personal space and not blocking a pupil's escape route
- Showing open, accepting body language, eg. not standing with their arms crossed
- Reassuring the pupil and creating an outcome goal
- Identifying any points of agreement to build a rapport
- Offering the pupil a face saving route out of confrontation, eg. offering a positive option or encouragement
- Using positive phrases only, eg. 'if you go and sit down, I can help you'

Intervention

In line with the school's Physical Restraint and Reasonable Force Policy, all members of staff have the legal right to use reasonable force to prevent pupils from committing an offence, injuring themselves or others, or damaging school property, and to maintain good order and discipline in the classroom. Ash Meadow school recognises that the pupils in this school are vulnerable and will only use intervention that is reasonable, absolutely necessary, and in proportionate to the situation occurring.

Physical restraint may be appropriate in the following situations:

- A pupil attacks a member of staff or another pupil
- A pupil tries to, or does, conduct deliberate damage or vandalism to property, which poses a risk to the safety of other pupils or staff
- A pupil is causing, or is at risk of causing, injury or damage by accident, by rough play or by misuse of dangerous materials or objects
- A pupil is running on a car park or stairway in a way that may cause an accident or injury to themselves or others

- A pupil is behaving in a way that is posing a serious risk to members of the public, staff or other pupils during an event or educational visit in the community

Physical restraint will only be used as a last resort and as a method of restraint. Staff members will use their professional judgement of the incident to decide whether physical intervention is necessary.

All staff will attempt to use the de-escalation strategies before the use of any physical intervention; however, the school understands that intervention may be the only resolution in some severe incidents, such as violence or where there is an immediate risk of injury.

Any physical intervention used will be conducted in line with the Physical Restraint and Use of Reasonable Force Policy.

Wherever possible, staff will ensure that a second member of staff is present to witness the physical intervention used. Times of intervention will always be taken, and details recorded using the Physical Intervention Record.

After an instance of physical intervention, the pupil will be immediately offered support and a time of reflection where a drink will be offered.

Restoration of the situation will be calmly dealt with, offering support and change of face to the pupil if required.

Staff training

The school recognises that early intervention can prevent misbehaviour. As such, all staff receive training in identifying problems before they escalate; this can be behavioural problems in the classroom, during breaks and lunchtime or when out in the community.

'Team Teach' is the approved training provider. 'Team Teach' are a market leading, award-winning training provider that promotes a whole setting holistic approach to behaviour management. Ash Meadow have designated Team Teach trainers within the school.

Teachers and support staff will receive training on this policy as part of their new starter induction.

All staff members are provided with sufficient training in de-escalation strategies and dealing with disruptive and challenging behaviour as part of their induction programme – this training is updated on an annual basis.

Training may also be refreshed in light of recent incidents and challenging behaviour, or where it is apparent that existing methods are not as effective as they could be.

All staff members are trained in the approved methods of physical intervention in line with the school's Physical Restraint and Use of Reasonable Force Policy.

Teachers and support staff will receive regular and ongoing training as part of their development.

Monitoring and review

This policy will be reviewed by the Head Teacher and SLT on an annual basis, who will make any necessary changes and communicate these to all members of staff.

This policy will be made available for Ofsted inspections and review by the chief inspector, upon request.
